

## The Invocation of the Holy Guardian Angel of Axis

### [Seal of the Temple](#)

This Invocation is a Magickal Ceremony that combines elements of the Ceremonial forms of the [Golden Dawn's](#) Invocation of the "Higher Self", Aleister Crowley's "[Liber Samekh](#)" and the Magickian Axis's own modification and changes. It has evolved over time and many of the words and sub-formula's are idiosyncratic and in language not before known on this Earth.

Once one has attained "the knowledge and conversation" of the Holy Guardian Angel, elaborate ceremony may not be needed. As Austin Osman Spare said, "[make his/ \(your\) own..difficulties..](#)", from the footnotes of the "Book of Pleasure (SELF-LOVE): THE PSYCHOLOGY OF ECSTASY."

Remember always, however, to make your Circle of Self whole, protected and sacred. *Self Deception is a Magickian's worst enemy. Absolute honesty with Self his/her most indispensable tool.*

Preliminary Purification and Consecration of Magickal Space using Golden Dawn Formula of Rose Cross at the Four Cardinal Directions--*the [Elements of Life](#)*:

Consecration With Fire--"And when, after all the phantoms have vanished, thou shalt see that Holy and Formless Fire, that Fire that darts and flashes through the Hidden Depths of the Universe. Hear Now the Voice of Fire!" (followed by the vibration of the Holy Name)

Purification With Water--"So therefore the Priest(ess) who governeth the works of Fire, must sprinkle with the Lustral Waters of the Loud, Resounding Sea. Hear Now the Voice of Water!" (followed by the vibration of the Holy Name)

Sacred Paths Crossing--this is very similar to the [Golden Dawn's Qabalistic Cross](#) but with some distinct changes in order of [Sephiroth](#) awakened and Sacred Names used to awaken them.

Rite of Signs in the Watchtower Formula--This is similar, though not identical to the Golden Dawn's "Greater Invoking Ritual of the Pentagram in the [Watchtower Formula](#)."
